Remember to bring a SIGNED blue card from your leader to get anything signed off. Bring a pen and paper and anything else you might need...

Important note! Please set your Scouts expectations accordingly... Scouts should NOT expect to finish a Merit Badge in one night just by being there.

Per the BSA National Executive Board: policy statement on merit badge counseling:

" To the fullest extent possible, the merit badge counseling relationship is a counselor-Scout arrangement in which the boy is not only judged on his performance of the requirements, but receives maximum benefit from the knowledge, skill, character, and personal interest of his counselor. Group instruction and orientation are encouraged where special facilities and expert personnel make this most practical, or when Scouts are dependent on only a few counselors for assistance. ***However, this group experience should be followed by attention to each individual candidate's projects and his ability to fulfill all requirements.***"

Merit Badge pre-requisites (so far):

Communications

1) For one day, keep a log in which you describe your communication activities. Keep track of the time and different ways you spend communicating, such as talking person-to-person, listening to teachers or the radio, watching television, reading books and other print media, and using any electronic communication device.

2) Write a speech about yourself

Skating

For Skating the boys will need to bring skates, helmets and pads (optional)
